

## MENTAL HEALTH FIRST AID SKILLS FOR LIFE

### LEARN PRACTICAL FIRST AID SKILLS

The Standard Mental Health First Aid is a twelve-hour educational course, which teaches practical skills to provide initial support to adults who may be experiencing a mental health problem or mental health crisis until appropriate professional help is received or the crisis resolves, using a proven, evidence based Action Plan.

Conducted over 2 days, participants will

- Learn how to recognise common mental health problems
- Improve knowledge of mental illnesses, their treatments and appropriate first aid actions
- Increase confidence to provide first aid
- Learn where and how to seek appropriate professional help
- Know how to respond in a crisis situation

Training will be conducted by National and State LiFE Award winner, Wendy French. Wendy is a Master Instructor who has presented Mental Health, Suicide Prevention and Suicide Bereavement training in various communities around Australia and has spoken and presented at various National and International conferences and forums.

**What others say:** *"This is the best Professional Development I have ever completed. Thank you Wendy."*

*"I found Wendy to be so engaging and informative...I was worried that two days would be a long time to spend on this topic but not any stage did I lose focus or feel uninspired, thanks Wendy"*

*"I cannot commend Wendy French highly enough! A very competent and authoritative presenter of the course material. She has a gentle manner and it's obvious to see how much she cares about her audience."*

*"The best trainer I have come across in 30 years in the work force. Warm, open, knowledgeable, experienced, interesting, interested and instructive."*

*"Wendy is one of the best facilitators I have learnt from. She has a warm and genuine nature while remaining focused, knowledgeable and professional. I can't speak highly enough of her and everyone in the session was saying the same thing"*
